The convenier edition of the Williamson Courier has reached this office. It is a handsome piece of work, gotten up artistically and attractively. It is published in colors and contains all the principal buildings of Williamson and the pictures of the prominent citizens of the place. It is an edition that the people of Grant county should feel proud, and it reflects much credit upon the gentleman who wrote up the interesting sheet.

Our timeliness prevents a reproduction of a short complimentary article which appeared in last week's issue of the Somersett Journal—the only paper, outside of The News, in the Eleventh Congressional District that is making a constant and aggressive fight to reduce that appealing 2000 Republican majority. That we will succeed and by there is scarcely a doubt. Keep the good work moving, brother Campbell.

Gen. Fred Grant seems ambitious to become the Admiral Sampson of the army. He reached Washington last week and brought a bit of news with him in the shape of a claim for credit for himself for the capture of Aguilano. He said: "It was my troops that captured Aguilano; they were under command of Gen. Funston." Surely one Sampson should be an ample sufficiency for both army and navy.

The Democratic convention at Monticello made the following nominations: Judge, W. R. Cross; Attorney, E. T. Sanders; County Clerk, A. Fairchild; Sheriff Van Beck; Jailer, T. H. Lair; Assessor, J. Gobel; Surveyor, J. J. Shearer; Coroner, Morrison; School Superintendent, Frank Shearer.

The President and Republican are elated over the decision of the Supreme Court, but we have not heard of any shooting in Portland or Rico in the Philippines.

The Filipinos are to have freedom without any representation whatever. They won't be required to visit our Capital but just stay at home and receive the blessings of liberty. So it is said.

Think about the United States manufacturing freedom and shipping it 6,000 miles.

Gov. McLean of South Carolina has returned the resignations of Senators Tillman and McLaurin with the advice that they further consider their action. He states that the people of his State are entitled to a rest from political strife and for the good of the State he seeks to dispose of the trouble by keeping down the fight. McLaurin accepts the Governor's advice while Mr. Tillman seems to be undecided. McLaurin, sent to the Senate, as a Democrat, is a full fledged Republican in every thing but name. He has voted with them on every important question and stands in high esteem with the Administration. By reason of his actions the people who elected him are indignant and would be glad of an opportunity to dislodge him of official power. Ordinarily party fights are not good for the party but in this case when a Senator is misrepresenting his constituency on the most vital questions ever considered by our Nation, we believe that it ought to proceed. True and false representation of a people can not dwell together in peace and so long as McLaurin is in the Senate South Carolina will be in trouble. We would be glad to see this trouble settled and believe that the Senators took the proper course when they resigned and agreed to submit to the will of the South Carolina Democratic. The Governor's action indicates to us that he is a compromise man; that he prefers peace at any price. Turn the bulldog loose and teach traitors that the wages of sin is death."

The Constitution has stood some hard knocks in the past from partisan decisions of the U. S. Supreme Court, and it will stand the extraordinary and contradictory decisions hand down last week in the insular cases. Although for the time these decisions give the administration a free hand in carrying out its imperialistic colonial policy, they will doubtless make enough Democratic votes among the serious-minded, who believe Congress to be the creature of the Constitution, instead of the Constitution being the football of Congress, as the principal one of these decisions practically holds it to be, to elect the next President. There is not the slightest doubt that a majority of the people of this country regard the Constitution as the best protection of their liberties, and to doubt that they will resent its being jiggled with in order to make it meet the exigencies of the McKinley administration is to doubt their intelligence. Democrats, of course, regret that this decision was made, but they find consolation in the belief that it will result in hastening the return to power of the Democratic party, which has ever been the defender of the Constitution and believes in its strict construction.

President McKinley and his Cabinet have refused to accept the action of the Cuban constitutional convention in regard to the Platt Amendment. The Cubans have been notified that they must accept it, not with their construction with what it means, but accept it with the President's construction fall and free, without any reservations. The truth of the whole affair is that when this trouble has been settled, Cuba will find herself still surrounded by water and the stars and stripes floating over her people while the constitution may not be nearer than Key West. From the Klondike on the North to the land of perpetual flowers; when all troubles and depredations are over the whole thing will be ours.

The State Board of Equalization has completed its work and the total valuation of property subject to taxation in the State is \$500,000,000, an increase over last year of more than \$14,000,000.

OBITUARY

Wednesday morning, May 15, the Angel of Death visited and claimed its way the spirit of Mrs. Lydia Farris, wife of W. L. Farris. She was called to her bed only a short time. Had she lived until the 30th of June she would have been eighty years old. She had been a member of the Christian Church for quite a number of years. Her maiden name was Lauehart, and she first married Thomas Wilkerson. Her remains were interred in her old home grave-yard, now the property of Mr. Jim Young. We extend our sympathy to the two bereaved sisters, Mrs. Betsy Knifley and Mrs. John Humphrey, and to the sad and lonely husband. But God knows best. He calls those he loves, and why should he not claim His own jewels who earthly homes were made dreary?

ALBERT.

HIS LIFE SAVED

By Chamberlain's Cholera and Diarrhoea Remedy.

"I am sure that Chamberlain's Cholera and Diarrhoea Remedy at one time saved my life," says A. E. Lafette, of Gregory Landing Clark county, Missouri. "I was in such bad shape that the doctors said I could not live. When I was at the lowest ebb, one of my neighbors brought in a bottle of Chamberlain's Cholera and Diarrhoea Remedy and I took it and got instant relief. I soon got up and around. That was nine years ago and I am still in good health. Since then that medicine has always been in my house and always will be. It is the best on earth." Sold by M. Cravens.

At Louisville, F. S. Richardson shot and accidentally killed his wife Sunday morning. He thought he heard a burglar in the house, and, springing from his bed he fired at an object in the room. It was his wife and she fell dead.

All Eyes On Texas

Great is Texas. Her vast cotton crops and marvelous oil discoveries amaze the world. Now follows the startling statement of the wonderful work at Cisco, Texas, of Dr. King's New Discovery for Consumption. "My wife contracted a severe lung trouble," writes editor J. J. Esger, which caused a most obstinate cough and finally resulted in profuse hemorrhages but she has been completely cured by Dr. King's new Discovery." It's positively guaranteed for Coughs, Colds and All Throat and Lung troubles. 50¢ and \$1.00. Trial bottles free at T. E. Paul's.

Mrs. Lilla Morrison Breckinridge, wife of Judge Robert J. Breckinridge, present Attorney General of the State, died Friday afternoon at the Good Samaritan Hospital, Lexington, after an illness of several months.

A Good Cough Medicine.
It speaks well for Chamberlain's Cough Remedy when druggists use it in their own families in preference to any other. "I have sold Chamberlain's Cough Remedy for the past five years with complete satisfaction to myself and customers," says Druggist J. Goldsmith, Van Etten, N. Y. "I have always used it in my own family both for the cough following grippe, and find it very efficacious." For sale by M. Cravens.

Fourteen years ago Thos. Fish and Geo. Stephenson, members of prominent families, living at Crab Orchard, while drinking attacked Joe Whitley, colored, who had previously assaulted young Stephenson, and shot him several times, from the effects of which he died. Rather than face the charge of murder hanging over them and bring disgrace upon their respective families by risking a conviction, young Fish and Stephenson left the country and went West. Fish has been arrested at Vincennes, Ind., where he had married and settled down, and has been brought back for trial. Stephenson has been located in Texas.

A Warning.

Pain or soreness in the back must never be slighted. Kidney disease creeps on with only one warning. Delay is folly when by the timely use of Morely's Liver and Kidney Cordial, the great system restorer, all danger can be avoided. This remedy is a positive cure for Kidney and Urinary troubles. Ask your druggist.

Judge Barker, of Louisville, decided that saloons could not be compelled to close on Sunday under the special act of the Legislature. He said that the law is unconstitutional.

Wonderful Eight

Cures cholera, diarrhoea, Colic, cramps, lameness, sprains, umbilical swelling, neuralgia, rheumatism and toothache. All pain, internal or external cured quicker with Morely's Wonderful Eight than any other remedy. Ask your druggist.

It is claimed that the use of whiskey is decreasing, but that on the other hand the use of morphine and cocaine, probably more hateful in their effects, for its victims include women as well as men, is alarmingly on the increase.

The Legislature will probably be asked to take some steps looking to the restriction the body-wasting and soul-destroying practice. The sale of the drugs should not be permitted save on the prescription of reputable physicians. If grand juries would investigate these matters diligently and heavy penalties were attached much could be done to mitigate the evil.

Old Soldier's Experience.

M. M. Austin, a civil war veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25 cents at T. E. Paul's drug store.

William Henderson of Lawrence county, aged eighty-one, and Mrs. Margaret James, aged sixty, eloped to Ohio on account of objections raised by their children to a wedding.

Husband.

If you have a weak, nervous, debilitated wife, do not scold or become impatient with her. Give her kind treatment, loving words and Morely's Liver and Kidney Cordial, to renovate, regulate and strengthen her system, and she will soon be your healthy, happy wife. Price \$1. Sold by agent in every town.

Rev. Low G. Wallace, Chaplain of the State Penitentiary, has been sworn and admitted to practice before the Court of Appeals.

You assume no risk when you buy Chamberlain's Cholera, and Diarrhoea remedy. M. Cravens will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in for bowel complaints and the only one that never fails. It is pleasant safe and reliable.

Brown county has an oil boom, three wells have been successfully sunk, and leases are being rapidly taken on adjacent land.

Lock Jaw.

E. H. Hardin, China Springs, Tex., says: "One large dose of Morely's Wonderful Eight cured my mare of lock-jaw. It was a wonder cure and saved me a \$65.00 animal." Sold by agent in every town.

It is now time for the stockmen to advertise their stock. In our judgment the newspaper that reaches the people is the very best medium. Bills of lading little towards advertising as they are, may be sent to us but a few miles from home; their purpose in the main is to set forth terms. The news read by 5,000 people every week, is ready to tell the story. If you have good stock, worthy and desirable advertising in this paper.

John M. Loach, a prominent farmer of Ohio county, was thrown from his buggy in a runaway accident and fatally injured.

An effort is being made by some

of the leaders of the Administration to break the "solid South" in a political way. An occasional result is secured by giving them the distribution of Federal patronage, but the movement is making slow progress. The Republican party stands for a number of things which the Southerners will not be likely to accept. They do not take kindly to combination, to high tariff and trusts, to subsidies nor to large standing armies. As long as the Republican party in the South is made up chiefly of the colored element the whites of that section will not divide on political lines. One fact is self evident. The management of municipal affairs in the South must remain with the whites.

There can never be anything like negro domination in that section. The people of the North wouldn't stand such a condition of affairs.

The people of the South will not

stand it. Whenever Northern

demagogues or political tricksters

have attempted to interfere in the

management of Southern affairs

trouble has resulted.—Georgetown Times.
